PALESTINIANS, JEWS, CITIZENS OF ISRAEL, JOIN THE PALESTINIAN CALL FOR A BDS CAMPAIGN AGAINST ISRAEL

We, Palestinians, Jews, citizens of Israel, join the Palestinian call for a BDS campaign against Israel, inspired by the struggle of South Africans against apartheid. We also call on others to do the same.

We are devoted to the promotion of just peace and true democracy in this region.

We are particularly opposed to Western governments' decision to boycott the Palestinians in the Occupied Palestinian Territories, most especially in besieged Gaza. This is particularly outrageous given the same Western governments'

Arab MK Denounces 'Israeli Apartheid' During Toronto Lecture

MK Jamal Zahalka claimed that there is no democracy in Israel and that Arabs are victims of Israel's "apartheid" policy.

An Arab Knesset member who visited Toronto last week claimed that there is no democracy in Israel and that Arabs are victims of Israel's "apartheid" policy.

According to a report in *Shalom Toronto*, MK Jamal Zahalka (Balad) made the remarks during an appearance at the "Palestine House" in Toronto in honor of the Arab [Land Day](#), which was marked on March 30.

The report said that MK Zahalka's lecture, which was entitled "Exposing the secrets of Israeli democracy", focused on trying to disprove what he said is the "myth" of the existence of a genuine democratic government in Israel.

Zahalka explained that he chose to deal with this topic because, he claimed, Israel receives legitimacy and is internationally recognized as a democratic state, and this reality makes the "Palestinians" direct victims of this democracy.

Vari Hall at York University

TORONTO — Canada's largest university student association has passed a resolution to endorse the boycott, divestment and sanctions (BDS) campaign against Israel.

The York Federation of Students (YFS), which represents more than 52,000 undergraduates at York University, voted on the resolution at a March 21 board meeting, after the Students Against Israeli Apartheid (SAIA), a campus group, collected the requisite 5,000 student signatures to force the item onto the YFS' agenda. SAIA began collecting the signatures last fall.

The vast majority of YFS members present at the

Israel's Lawfare against BDS in Tatters

PACBI and the entire BDS movement around the world celebrated what commentators described as a "crushing defeat"[1] of legal efforts by Israel and its powerful lobby groups to delegitimize BDS and anti-Zionist activism in general. This month, a British employment tribunal dismissed a lawsuit against Britain's largest academic union, the University and College Union (UCU), that sought to silence the union's deliberations on BDS at its annual conferences.[2] The lawsuit was brought about by a Zionist member of UCU who accused his union of "institutional anti-Semitism" for debating the academic boycott against Israel's complicit institutions.

The court ruling stated:
