

BIRTHDAY

Thank you my kids and grandkids and in particular my wonderful wife for making this birthday so wonderful on the stomach (best dinner ever and Tiramisu to die for) the heart (so much love to go around) and the soul (Zach's Shofar spine chilling Trua took my wish for all of our health and joy right up there)

Some times like Tevie I wonder "If I were a rich man?" tonight I look at all of you and I say: "I am a rich man!"
